

# **Resolution Opposing Deportations and Detention Centers**

Whereas, Deportations are a capitalist mechanism to keep the working class isolated and poor, and

Whereas, Private prisons are a way for capitalists to profit off these inhumane practices, and

Whereas, Deportations break apart families of the working class, and

Whereas, Organizers in Northern Indiana (Coalition Against the Elkhart County Immigration Detention Center) are fighting the efforts of private prison corporation Core Civic to build a private detention center in Elkhart County, Indiana.

Therefore be it resolved, that the delegates to the Binational Conference to Cancel NAFTA, No Wall, Not One More Deportation are opposed, in solidarity with the Coalition Against the Elkhart County Immigration Detention Center, to the building of private or public immigration detention centers in Northern Indiana or anywhere.

**(Resolution submitted by the delegation from UAW Local 551 in Chicago. Passed by unanimous consent on December 3, 2017 by the delegates to the Binational Conference held in Carson, California.)**
